LOUISVILLE NATIONAL

A DAILY NEWSPAPER To Represent and Advocate the views of Uncon ditional Union Men.

ROM the inception of the rebellion, the genuine Union sentiment of the State of Ken-tucky has found but little expression, either in tucky has found but little expression, either in the addresses of the prominent politicians or in the press. This state of things, at all times a source of murmuring, though somewhat alleviated by the partial supply of loyal journals from other States, has at last ripened into dissatisfaction and a positive demand for such a newspaper. Demanding that the rebellion shall be suppressed, we would have all the means necessary to suppress it cheerfully supplied. Regarding unity and, we would have all the means necessary to suppress it cheerfully supplied. Regarding unity as essential to speedy success, we would enforce it as the duty of every citizen to give to those who administer the Government—whilst the war continues—sympathy and support. Believing the rebellion to be not only without palliation or excuse, but a crime we would have it taught that these who have insuranted and process. that those who have inaugurated and prosecuted it should wholly bear the responsibility of its guilt. Recognizing the rebellion as gigantic in its proportions, we would have the difficulty of grappling with it fully realized.

In so wide a field where the instruments em-

ployed must be varied, errors of judgment are Francis Brewer's adm'r, Pl'ff, unavoidable. We would not therefore, judge harshly of the means employed, whilst we see they are suggested by a sincere desire to re-establish the authority of the Government. In a word, we wish to teach that it is the paramount duty of the Government to preserve the Union by all the means recognized by civilized warfare. Rejoiding at every triumph of our arms, we de-sire to affiliate with those true Union meneverywhere, who hope for, and look to the nation's success in the field—not to its defeat as the surest means of securing a lasting and honorable the action.

The vote of the people of Kentucky, on every occasion—and their resolutions in their primary assemblies, far ahead of their politicians, far in advance of their press, are to us the surest guaranty—that a majority are with us. The object of this paper is to give organization to that majority, and to develope into political action the convictions which, in their hearts the people observed. cherish. Also, to take full advantage of the facilities at command to furnish its patrons with the current news, and to develope some important features of a Daily, that have not hitherto received from the press here the prominence desirable in a mercantile community. Without waiting for the new Press, Type, &c.,

ordered, the Publisher, depending upon his present resources, not inconsiderable, ventures to announce the appearance of the first number on Monday, April 18th, 1864.

covery of the 19th Century. O MAN'S name is more intimately connected with the history of the Materia Medica of the United States, or more favorable known as a pioneer in Medical discovery, than that of Dr. JOHN BULL, of Louisville, Ky. His inimitable preparation of Sarsaparilla, has long stood at the head of the various compounds of that valuable drug. His Compound Pectoral of Wild Cherry, has become a household word throughout the West and South; and his Worm Lozenges, in less than a year after their introduction attained a reputation as wide spread as the continent of New Casile, at Frankfort Railroads.

But the crowning glory of his rodsburg and Danville, at Midway for Versailles life remains to be attained in his latest discovery, or rather combination, for he does not claim to have been the discoverer of CEDRON, which is Orchard, Somerset, Richmond, Mt. The Union Forever, against Copperheads and Rebellion.

GEORGETOWN, KY., May 4, 1864. The Union, undivided and indivisible, one and

against Disunion, Secession, Rebellion, Copperheads, and all their aiders and abetters.

Editors of the Commonwealth:

The unauthorized assumption of power, by JAMES GUTHRIE, GEO. D. PRENTICE and others, under guise of the trust reposed in them by the Union party of Kentucky, as a Central Committee, to transfer them to the Copperheads, by calling a convention at Louisville, on the 25th of May next, for the purpose of nominating delegates to the Chicago Convention, has produced an emergency for expression of sentiment, by every loyal

Surely there is nothing in the order of appointment, authorizing said committee to call a convention, to appoint delegates to a convention which was not contemplated at the time, and for a mere majority to assume such powers is sheer impudence, which ought, and we verily believe will, be rebuked by the true Union men of Ken-

What has James Guthrie, the chairman of said committee, ever done for the Union party to warrant the assumption of such power?

When a life and death struggle was in progress, and the traitors of the South had impudently held a convention and nominated John C. BRECKIN-RIDGE as their candidate for the presidency against STEPHEN A. DOUGLAS, the regular nominee of the Democratic party, with which Mr. Gurenz professed to be identified, what part did he act? Did wit he throw himself into the breach, and exert the influence which his position entitled him to, and which he could have exerted, to crush this vile traitor, and of sustaining Mr. DouoLas and the Union cause, which was thus imperiled? Nay, verily; he stood still, moved neither pen or tonguo to sustain the Union, nor to grush the vile miscreants who sought the overthrow of the Govern-

As a time-serving demagogue, he lies perfectly still, exerts not a mite of influence to sustain the Government, but at the first opportunity which is presented, seeks to divide the Union party and transfer one wing of it to a vile pack of Copperheads, who have sought from the beginning, to undermine and overthrow the Government, by every species of opposition to every effort which the Government has found necessary to suppress this unholy rebellion.

Conceding that GEORGE D. PRENTICE has, sometimes, written handsomoly for the Union cause, and has occasionally evinced some of the elements of a patriot, we yet fear, and have good grounds to fear, he is suffering himself to be used for the base purpose of transferring the Union party of Kentucky to a party hostile to the Union, and is seeking every opportunity, fair and foul, to destroy the liberties of the people for the acquisition of mere party ends. We protest against the transfer of the Union party to the Chicago Convention, but claim the Baltimore Convention as the legiti-

mate convention of the Union party. Wm. A. Green, Saml. W. Thompson, Richard L. Keene, Henry Moody, . C. Mackabee, Uriah Elliott, Fielding Parker, John Moss, S. McDonald. D. Mefford Wm. K. Rawlins J. B. Soward, John McIntosh, Jacob Flook, J. C. Humphreys, Thompson Gregory W. Wash, N. Spears,

Authority was included in the Union men who still adders to this supreme idea of maintaining the Government, in their several Counties, and the arrangements might be made, whereby he could, in the event it became necessary, have the assistance of the Enrolled Militia in the Eastern portion of the State. Authority was immediately given to call out the 68th regiment Enrolled Militia, of Lawrence county

> On the 7th instant, the enemy having invaded Pike county, a call was made on that Regiment, Col. Thos. McKinster commanding, the response to which was both prompt and cheerful. On the 13th the enemy attacked our forces and were repulsed. On the 14th, Col. Gallur surprised them in camp at Half Mountain, and, after an en gagement of several hours, was completely victorious, capturing a number of prisoners horses and equipments, and 300 stand of arms,—all of which. Col. Gallup, in his ed without the assistance of the Militia.

I can not commend, in terms too high the energy, bravery, and patriotism of the officers and men of the 68th Regiment: the assistance they rendered in defending the State by their prompt action, enabled the authorities to strike a blow that will long be remembered by Hodos's brigade.

Lawrence county has not only done well. having sent over fifty per cent, of her enroll ed strength to our armies, but she has shown that those remaining at home are of true metal, and are willing to take the field when ever their services are demanded.

I desire to return my thanks to the 68th not only for the services they have rendered, but for the gallant example which they have afforded to the entire Militia of the State Their action demonstrates the utility of the work I nave been urging forward for several months, and will assist, I hope, in overcoming the factious opposition with which have been met in organizing the State.

Let the true spirit of Kentucky be infused nto the Militia organization throughout the State, and we will soon rid ourselves of the marauding bands of horse thieves and plun! A Full and Well-selected Stock derers that have been preying upon us since the beginning of the war.

They are equally distinct in many plants. Perhaps no power is more desired by breeders of farm stock than the ability to cause the production of either sex at will. Some time ago Professor Thury, of Geneva, made same very important invetigations and arrived at conclusions, which demonstrated, will be recognized as of them. So far as we know this commission has not yet reported - but J. A. Barrel, the well known agricultural writer and editor, has published a statement to day over others, (with many valuable recipes,) which we find translated in part in the "Country Gentleman.' From this we learn that Professor Thury asserts that the sex of the future animal (or plant) is settled by the er and editor, has published a statement the future animal (or plant) is settled by the maturity of the cell (ovule or egg) at the time of impregnation-a very mature cell producing male, and the one less mature producing temale offspring. Thus when an animal comes in heat, the egg, though mature, is much less mature than toward the close of this period. In accordance with this theory, he advises that when heifer calves are desired, the very earliest period of a cow's coming in heat should be taken advantage of and if a bull calf is wanted, the latest pract cable moment.
